

A. Duie Pyle Recognized as a Top 100 Trucking Firm by Inbound Logistics

Each year, Inbound Logistics editors select the best transportation providers by carefully evaluating surveys, questionnaires and conducting online research and personal interviews with shippers and truckers. They then compare that data to the emerging logistics and trucking challenges the industry faces to develop the Top 100 Truckers list.

With over 200 applicants that submitted their credentials for consideration this year, we are pleased to announce that A. Duie Pyle was selected as an Inbound Logistics Top 100 Trucker for 2022. The Top 100 Trucker list serves as an important tool for Inbound Logistics' readers when conducting market research and identifying sector leaders.

As disruptions continue to affect today's businesses, it's more important than ever to find a carrier partner that can meet high demand for reliable and timely service. To be recognized as a Top 100 Trucker further establishes A. Duie Pyle as a trusted partner in the trucking and supply chain industry.

"Every year, we set the bar high for our company goals and then strive to meet and surpass those initiatives. Being recognized as a top 100 carrier by Inbound Logistics is a testament to the hard work our Pyle People put in and the dedication that drives quality service throughout our organization," John Luciani, COO of LTL Solutions at Pyle.
